

World Teachers' Day 2022

Integrating ICT into the ESL Classrooms: Promoting Better Teaching Techniques

Tehmina Kalwar

1 October 2022

What is ICT?

ICT stands for *Information and Communications Technology*.

In ESL classrooms, any communication device or application, which is helpful to make teaching and learning process interesting and fruitful, is a part of ICT. For instance, cellular phones, tablets, computers, interactive boards, hardware and software, websites, social media and so on.

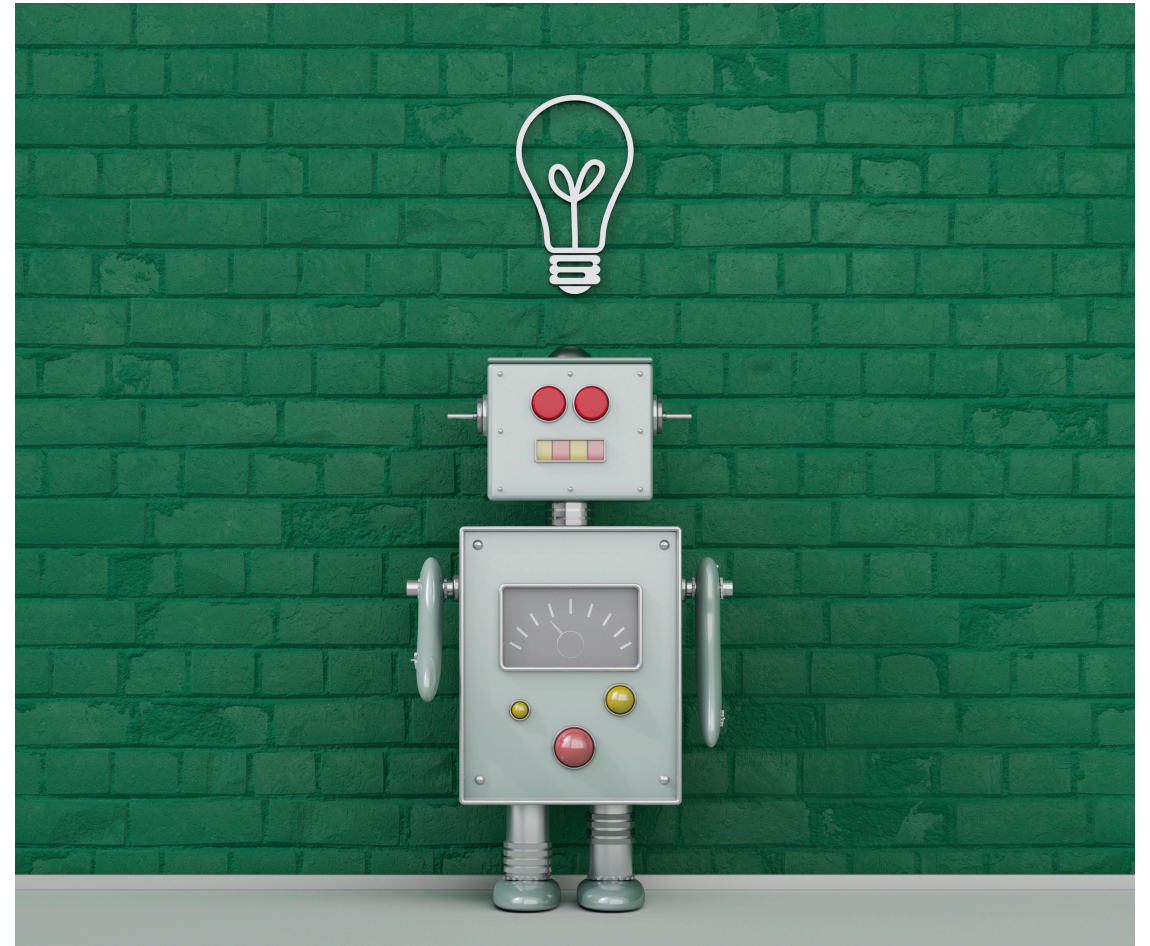

Agree/disagree?

Read the statement below. Do you agree/disagree with it? Put your responses in the chat.

“One day technology will replace teachers.”

Technology won't
replace teachers...

...but **teachers who use
technology** will probably
replace teachers who do
not.

Your voice

Put your responses in the chat.

Do you think ICT can enhance the quality of teaching and learning?
