Example dialogue

- A) I think that spending a lot of money on space exploration is a waste of money. We should spend money on the Earth.
- B) I disagree, space exploration is the future. We may need to move to another planet so we should look for one now.
- C) A better idea is to keep our planet healthy. We should spend money on the environment. Don't you agree?
- A) Sure. Use money for both space exploration and the earth.

Do you agree with A) or B)? Or do you have another opinion?
