

Sustainable development goals

Goal 1: No poverty	To make sure that everyone has enough money to live
Goal 2: Zero hunger	To make sure that everyone has enough food to eat
Goal 3: Good health and well-being	To make sure that everyone can live healthy lives and can access doctors and medicine
Goal 4: Quality education	To make sure that everyone has the opportunity to go to school
Goal 5: Gender equality	To make sure that girls and women can live safe lives and have the same rights and opportunities as boys and men
Goal 6: Clean water and sanitation	To make sure that everyone has safe water and ways to stay clean
Goal 7: Affordable and clean energy	To make sure that everyone has access to reliable and clean power
Goal 8: Decent work and economic growth	To make sure that everyone has the same opportunities and that countries protect everyone equally
Goal 9: Industry, innovation and infrastructure	To make sure that we reduce waste and make and use products in a way that protects the environment
Goal 10: Reduced inequalities	To make sure that everyone has the opportunity to work for fair pay
Goal 11: Sustainable cities and communities	To make sure that everyone has a clean, safe place to live and cities, towns and villages are improved in a way that protects the environment
Goal 12: Responsible consumption and production	To make sure that industry grows in a way that helps people and protects the environment
Goal 13: Climate action	To make sure that we slow down global warming and climate change
Goal 14: Life below water	To make sure that we protect the seas and oceans and the animals that live in them
Goal 15: Life on land	To make sure that we protect all the different land environments and animals
Goal 16: Peace, justice and strong institutions	To make sure that we end violence and war and give everyone access to justice
Goal 17: Partnerships	To make sure that countries and organisations work together to help each other and achieve the goals
