Making the Bingo Card

1. Give each child an A4 piece of white paper.
2. Ask each child to hold the piece of paper up horizontally and to fold it in half. Making sure that everyone has done this, ask them to fold it in half again.
3. Ask children to fold out their piece of paper. They should have 4 columns.
4. Now, ask them to hold their piece of paper up vertically and to fold it in half. Making sure that everyone has done this, ask them to fold it in half again.
5. Ask children to fold out their paper. They should have 8 spaces.

Playing Bingo

6. Ask children to take out their envelope with the animal cards they have coloured (see activity "Colouring cards"). Tell them you're going to play 'Bingo!' Elicit the rules and aims of the game.
7. Ask children to put one animal card on each space of their Bingo card. The empty spaces in their Bingo cards can be used for revision.
8. Call out an animal or revision word from your bingo cards. The children take out the corresponding card. The first child to complete a line shouts, "Bingo!"
