New things learned or done differently

August 2020

New things learned or done differently

Do you know the game 'Pictionary'?

Look at what your teacher is drawing.
You have one minute to write the
word or phrase.

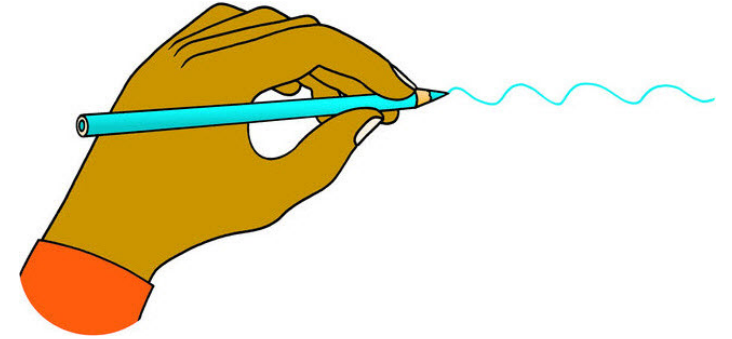

All the words and phrases are things
that you can learn at home online,
with a website, video or app.

Score one point for each correct
answer. Good luck!

New things learned or done differently

 You have one minute to draw something that you have learned or something you would like to learn at home online.

Talk about your picture.

I learned how to ...

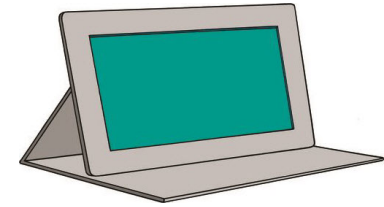

I'd like to learn ...
because ...

New things learned or done differently

 Technology can help you learn and do lots of things.

Do you do these things in free time, school time or both?

Which things are easy for you? Which are difficult?

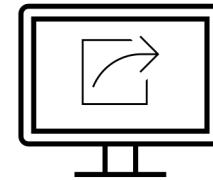

1. Mute your microphone

2. Watch a video online

3. Share your screen

4. Research a project online

5. Use the raise hand option

6. Post a comment

New things learned or done differently

In an online classroom there are rules,
just like in a school classroom.

The rules tell us what it's OK to do ...

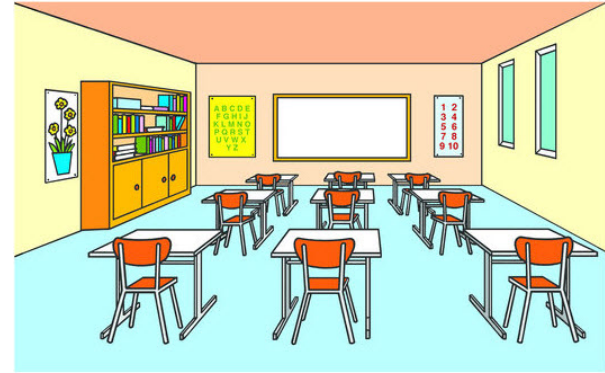

... and what it's not OK to do.

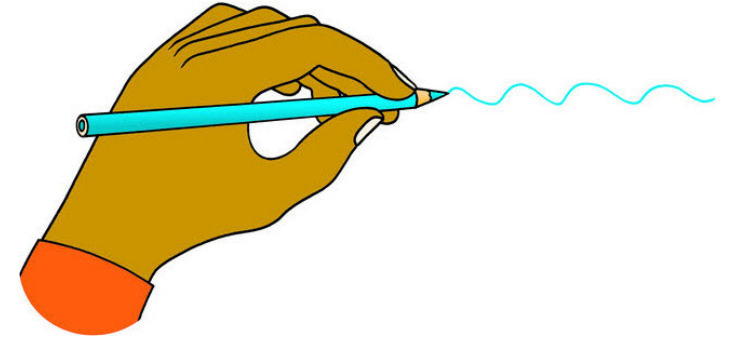

Some of the rules are the same as in a
school classroom and some are different.

Watch what your teacher is drawing. Can
you guess the online classroom rules?

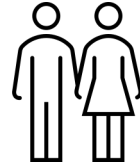

New things learned or done differently

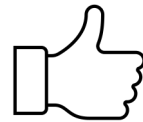

Your teacher has given you a classroom rule. Can you draw it for your group to guess?

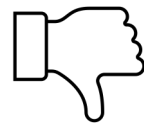

Use simple drawings for people.

If it's OK to do something, use a tick or a thumbs-up symbol.

If it's not OK to do something, use a cross or a thumbs-down symbol.

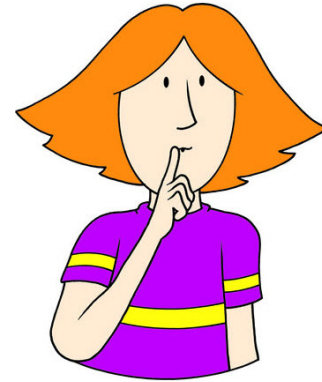

New things learned or done differently

Can you think of some more rules for the online classroom?

Which rules are the most important? Why?

Choose some of the rules to write on your poster.

Draw some pictures under the rules.

New things learned or done differently

Do you want to learn some more new things online?

Watch a How to ... video on the LearnEnglish Kids website or YouTube channel.
